# Tips for Parents

**Get the whole family involved in with just a few easy steps:**

- **Demonstrate:** Don't rush out to buy christmas decorations every year. Evaluate what you have and think before you buy more.
- **Develop Understanding:** Teach your child how to create their own decorations using rubbish from around the house. Or, perhaps upcycle some old decorations
- **Provide Opportunities:** Why not create your own decorations and set up a school Christmas market where all the kids from school can bring in their decorations to sell or swap

## Fun Activity for Young Learners

See how many decorations you can make out of what is currently in your recycling bin!
