Tips for Parents

Get the whole family involved in with just a few easy steps:

- **Demonstrate:** If a friend of your child lives nearby or on route to school, collect a friend of theirs on the way when driving by car. If possible, cycle to work and explain why you do it.
- **Develop Understanding:** Take a day trip on the train to somewhere your child would like to go at the weekend. Discuss how many trains use electrical energy, and so they can better make use of renewable energy generated by solar and wind.
- **Provide Opportunities:** If you don't already, take the bus with your child, whether going to school or not. Also, teaching your child to ride a bicycle is extremely useful and can be a fun way to get around.
- **Discuss:** Why is it better to take public or shared transport? Discuss how burning fuel and the transport industry (including flying by plane) affects global warming and creates polluted air in cities.

Fun Activity for Young Learners

Why is it better to take public or shared transport? Discuss how burning fuel and the transport industry (including flying by plane) affects global warming and creates polluted air in cities.

- 🚗 (fuel, 5 people)
- 🚗 (electric, 5 people)
- 🚌 (fuel bus, 50 people)
- 🚊 (electric tram, 50 people)
- 🚆 (electric train, 500 people)
- ✈️ (fuel, 200)
- 🚲 & 🚶
