Tips for Parents

Get the whole family involved in with just a few easy steps:

- **Demonstrate:** Always put rubbish in the correct bin and never litter in front of your child. Remember to put rubbish in your pocket until you reach a bin. If you ever see anyone litter, make out to your child that it is a terrible thing to do.
- **Develop Understanding:** Bring your child to a recycling centre or landfill so that they can understand where their rubbish ends up.
- **Provide Opportunities:** Find an area nearby that is littered, or for learning purposes, you can temporarily place litter on the playground to show children what litter looks like. Take the children outside and ask them to observe the area. Ask: What do you see? Do you see anything that does not belong here? How do you think litter looks? How does seeing litter make you feel?
- **Discuss:** Talk to your child about the ways you as a family can reduce different types of waste - litter, energy etc.

Fun Activity for Young Learners

Go on a litter hunt! All you need is some gloves and a bag! Get out there and pick up as much litter in your area as possible!
